To our valued Customers, Suppliers, Neighbors, and Friends:

On behalf of my 6,000 colleagues from around the world, I am very pleased to inform you that Solutia has officially emerged from Chapter 11 reorganization. We have used our time in the reorganization process to truly transform and revitalize Solutia – shaping a strong portfolio of businesses, shedding \$1.3 billion in liabilities, and growing the company by \$1 billion in sales while more than doubling our earnings.

Solutia is a well-positioned specialty chemicals and performance materials company with market-leading global positions in each of its individual businesses; a diversified portfolio across geographies and end markets; a strong operating and financial position; and a proven leadership team.

Today Solutia stands as a stronger, healthier and more competitive company than at any point in our history, and we could not have done it without your support.

Sincerely,

Jeffry N. Quinn
